OECUMENICAL ORGAN GRINDERS

Dutch Parish Priest, C. W. Thomas and Dutch Minister, D. H. Gysbes, wander together around Holland with a barrel organ to raise money for a carillon which will be placed in the tower of a 14th century Roman Catholic Church in Reysaterwoude. In the picture, Minister Gysbes is the organ grinder, while Father Thomas collects the money.

What would you think, say or do, if our local Parish Priest and Minister were selling turkeys together in front of the St. Albert Community Hall, to raise money for the extension of our Father Lacombe Museum?

\$22,000 GRANT

Editorial WJN.

To receive the Recreation Grant, the Town of St. Albert has to apply for it before the end of this year. What will the town do with this \$22,000? This grant can only be used for recreational facilities, so therefore the St. Albert Community League proposed that this money should be used by the town to buy the Community Hall and then lease it back to the Community League who would operate this hall for the use of all organizations in our town. Council first wants the Community League and Recreation Board to co-operate with each other so that Council can be sure that the majority of our citizens agree with a combined proposal from these two boards. As all of us know, there are many citizens in favour of this idea, but there are also many who cannot see spending \$22,000. for a building which is a fire trap. They feel the money should be used to build two club houses for the kids, both young and old!

ST. ALBERT YMCA NEWS

Mr. Grant McKeen, from the Metropolitan Edmonton Y.M.C.A. has been appointed as Extension Branch Secretary to our St. Albert Y.M.C.A.

The programme for fall and winter 1963-64 has been expanded to include classes for adults. Registration day is Saturday September 14, at the St. Albert Community Hall from 10 a.m. to 6 p.m.

The program will begin September 21st in all schools.

ST. ALBERT ORIOLES RESUME PRACTICE

The St. Albert Orioles will resume practices on Sunday, September 15 at 1 p.m. in the St. Albert Community Hall. Previously, only children from Grades 3 to 6 have been admitted to the group. This year, however, any older boys and girls from the Junior High and the High School will be invited to join. If enough interest is shown by the older boys and girls, the group will be divided into two parts. All that is required for membership is a genuine interest in choral singing and the willingness to give time to practices. Normally this is one hour a week, from 1 p.m. to 2 p.m. on Sundays. We hope to see all the former members as well as many new ones.

CURLING

Having been appointed manager and ice maker by the St. Albert Curling Rink Ltd. I am now accepting applications for contract ice rentals for forthcoming season.

Best of ice and conditions assured.

continued from page 1*

We can understand Council wanting co-operation between the two boards in town who are active in the recreational field, but we would suggest that the St. Albert Y.M.C.A. should also be consulted.

If the Recreation Board and Community League cannot agree, Council should know as soon as possible, then a plebiscite regarding the use of the \$22,000. is a necessity, because each citizen, as an individual, has a right to vote on that. Therefore, the month proposed by Mayor Veness is too long, because the legal time for a plebiscite is then passed. October is the month that St. Albert citizens will vote for new Councillors and maybe some bylaws, let's combine this with the \$22,000. plebiscite. But only if the Community League and Recreation Board cannot produce a clear solution.

RECREATION

A meeting was held on Friday, September 7 in the St. Albert Community Hall between the St. Albert Community League, Recreation Board and Town officials regarding the government's Recreation Grant of \$22,000. for St. Albert. Ivan Brewster (Community League) read a request from the St. Albert Community League that the Council take over the Community Hall and then lease the hall to the Community League. This would greatly lighten the financial load on the shoulders of the Community League. Mayor Veness pointed out that the Community League has been active in the recreational field since 1930 and that maybe the Recreation Board will have to look to it for some old time ideas. Councillor DeBruin suggested that this proposal be talked over between the Community League and Recreation Board and then the suggestions brought to Council for final decision. Dr. Cuts wanted to know why the Community League won't take over. "We want an answer. Time is running out and we'd like to hear from Council what they will do with the \$22,000. grant. Only three months are left to be eligible to receive this gift."

Mayor Veness replied that there is no hurry, maybe next year, with our population growth, our needs as a community will be different.

Mr. Chris Gates (Community League and Recreation Board) said he hoped that a way will be found for a fruitful co-operation between the two Boards.

Mr. L. Randall (Community League) suggested "Let's get together and see who needs help. Some clubs in our town are self-supporting, some are not." He mentioned that we have some 20 clubs active in the different recreational fields in our town to which we could give full support.

Mayor Veness finally suggested that the Community League and Recreation Board give this problem some study and then get it down on paper. He urged more co-operation between the two bodies and hoped that within a month this matter will come before Council with a positive proposal, so that Council can take action to change by-law and legal actions, etc.

Thinking she knew where to locate members of her family, she walked to the Shopper's Park to phone. After a dozen or so fruitless calls, she became anxious. An R.C.M.P. constable happened in and she related her dilemma. He drove her to her home, hoping to gain access to the house for her, but to no avail. He then took her to his own home, where she waited with his wife until her parents returned. Isn't it nice to know the members of the R.C.M.P. are there willing to help our children when needed?

Fall Fashions

What's new for fall? Fur, fur, fur and more fur! While many of us still aspire to own a first fur jacket or coat, the couturiers have flagrantly disregarded limited budgets and fur is everywhere. It seems to have gone to their heads and our in fur hats. Not as much of the bushy foxes of last winter. More sheared furs are being used; beaver, otter, raccoon and persian paw. For the lady who has everything else, 'think milk' they tell us. Fur also turns up as the bodice of sweaters, sleeves of wool knit jackets and even fur suits are being shown!

More practical is the good news that the popular two and three piece knits of seasons past are still very fashionable. Textured wools and bouclés are very strong in both casual and dress wear. The colors we'll be seeing most of range from beige to burnt browns, making up the 'ginger look'. Red is making a good showing and a deep wine, called claret and cranberry is a lovely new color, especially for after five wear. The hemline has noticeably missed the headlines. It seems to have found its final resting place just below the knee cap.

Mohair sweaters will be a must in every woman's wardrobe. Managers of wool departments can't seem to keep enough Mohair wools in stock to meet the demand. Hats, whether in fur, velvet, suede or leather, have as hinted last spring, been borrowed from the boys. Berets, caps, fedoras and bowlers, with exaggerated crowns, yet so feminine one wonders how the men ever used them at all. Generally, fall fashions, even high Paris fashions, are relaxed and casual. Simplicity of line and uncluttered designs, that will lend to several seasons wear.
